

**Fluvanna County Public Schools
Local Special Education Advisory Committee**

Purpose: The Local Special Education Advisory Committee focuses on assisting the school division in meeting the needs of and improving the performance of children with disabilities. The committee advises the school division of unmet needs in the education of children with disabilities and ways in which to see services improved. Any parent interested is encouraged to attend. High school students with disabilities are also welcome to attend meetings.

Committee Member Requirements: Committee members should be concerned about the progress of special education children in the community and school setting. Parents of special education children are represented on the committee. Community members with knowledge of the needs of children with disabilities are also encouraged to be a part of the committee as well as members of other community organizations. According to the Local Special Education Annual Plan, school division employees who regularly attend LAC meetings are not members of the committee and should serve as consultants.
